

**SATURDAY  
SEPTEMBER 14, 2019  
@ 11AM**

**BROOKE'S ANNUAL 1 MILE  
FUN RUN FOR ALOPECIA  
AWARENESS**  
**BROOKE'S JOURNEY**

Brooke was diagnosed 3 1/2 years ago with Alopecia Areata, an autoimmune disease that causes hair loss. Brooke has taken on a tough battle overcoming the ups and downs of this disease. She lost 83% of her hair. Many insurance companies consider this disease cosmetic and provide little to no coverage. Brooke has regrown all her hair but recently has discovered patches of hair falling out again. Brooke would like to raise money for research and awareness. Please help contribute to a great cause!
